

CERTIFICATE OF COMPLIANCE

Certificate Number 20170424-E164102
Report Reference E164102-20170420
Issue Date 2017-APRIL-24

Issued to: STEGO ELEKTROTECHNIK GMBH
KOLPINGSTRASSE 21
74523 SCHWAEBISCH HALL GERMANY

**This is to certify that
representative samples of**

COMPONENT - TEMPERATURE-INDICATING AND -
REGULATING EQUIPMENT

USR, CNR DIN Rail Mounted Operating Temperature
Sensing Control, Model DCT 010 and Humidity Sensing
Control, Model DCF 010.

Have been investigated by UL in accordance with the
Standard(s) indicated on this Certificate.

Standard(s) for Safety: SEE ADDENDUM PAGE FOR STANDARDS
Additional Information: See the UL Online Certifications Directory at
www.ul.com/database for additional information

Only those products bearing the UL Certification Mark should be considered as being covered by UL's
Certification and Follow-Up Service.

The UL Recognized Component Mark generally consists of the manufacturer's identification and catalog
number, model number or other product designation as specified under "Marking" for the particular
Recognition as published in the appropriate UL Directory. As a supplementary means of identifying products
that have been produced under UL's Component Recognition Program, UL's Recognized Component Mark:
, may be used in conjunction with the required Recognized Marks. The Recognized Component Mark is
required when specified in the UL Directory preceding the recognitions or under "Markings" for the individual
recognitions.

Recognized components are incomplete in certain constructional features or restricted in performance
capabilities and are intended for use as components of complete equipment submitted for investigation rather
than for direct separate installation in the field. The final acceptance of the component is dependent upon its
installation and use in complete equipment submitted to UL LLC.

Look for the UL Certification Mark on the product.

Bruce Mahrenholz, Director North American Certification Program
